

The Great Wall Of China Trek 17 –25 September 2009 www.scope.org.uk/adventures

Michael Mason (Scout Leader for the 26th North Central Leeds) and his partner Elizabeth Smith are Fund Raising to attend the above Activity.

Quote from Scope.... Welcome to **Scope**, the disability organisation in England and Wales whose focus is people with cerebral palsy. Our aim is that disabled people achieve equality: a society in which they are as valued and have the same human and civil rights as everyone else.

Many sufferers of Cerebral Palsy feel left out of the community through one reason or another, Scope offers these people access to the outside world and helps them lead a normal life whilst maintaining their individuality.

Any donations / contributions to this event would be greatly welcomed or any kind of corporate backing or sponsorship would be appreciated.

Over all we are looking to achieve a sum of around £6000 over the next 6 months. As you can imagine with the current economic climate as it is this is a lot of money to raise.

I have a personal interest in raising funds for this charity due to a member of my direct family being a sufferer of Cerebral Palsy.

Please ask around your Districts, Troops, Packs, Communities or places of work for donations.

Here are a few activities that could be completed to help achieve this goal.

- Car boot sale
- Collection at supermarket
- Non school uniform day at local school
- Sweepstake on sporting event at work/pub
- Raffle
- Fancy dress pub crawl
- Sponsored head-shave or dye
- Ticketed Event such as Valentine's Day

A special page has been setup on the net which deals with Charitable donations, the site allows you to make a donation, they then send the donation direct to the required charity and it shows a progress bar to advise where we are up to.

Justgiving also claims back any VAT on behalf of the donator and sends that to the charity, please take a look at the below link if it makes it easier to donate.

If you have any suggestions as to activities that you would like to run or suggest we run then please let me know.

A dedicated email address has been setup for this event. You can send any details through to mick.scope@ntlworld.com
